DUTIES:

- Assist the Skilled Tradespersons during repairs and preventative maintenance of all Bracebridge Generation equipment, including hydraulic turbines, generators, auxiliary equipment, dams, etc.
- Perform routine dam maintenance and groundskeeping tasks as assigned.
- Operation of tools and equipment.
- Maintenance of hydraulic turbines, generators, and hydraulics.
- Assist in performing routine tasks involving erecting, dismantling, reassembling, moving, loading, and unloading, servicing various fixtures, materials, structures, furniture, buildings, hardware, equipment, and vehicles.
- Heavy lifting and mobility/flexibility required.
- Must be able to work safely following all Regulations, company safety policies and standard operating procedures.
- Must be able to work in adverse weather conditions.
- Ability to work effectively and safely in a team setting.
- Perform other duties as may be assigned, including yard maintenance and maintaining a clean and orderly shop.
- Other duties as assigned.

QUALIFICATIONS:

- Must be attending a post-secondary institution program in a relevant discipline or industry experience.
- Knowledge and/or experience of the maintenance, operation and theory of electricity, computers & electronics, hydraulics, mechanics, and pneumatics.
- Knowledge of hydraulic turbines, generators, protections and controls, emergency power systems, and generation sites and civil facilities.
- Ability to use a variety of tools and equipment.
- Acquaintance with associated regulations, plans, guidelines, and E&USA rulebooks.
- Excellent verbal and written communication skills.
- Sufficient physical strength and health to manually move material.
- Must have a valid Class "G" driver's license.
- Excellent interpersonal skills.
- Self-motivated and able to work unsupervised, as well as in a team setting.
